PUGDOG Enterprises, Inc and PixelBender Publishing are local companies, familiar with the unique character and challenges of the Pittsburgh market area.

The two principals have a combined experience of over 75 years in printing and publishing, and a similar amount of experience with advertising and niche marketing.

As such, we are uniquely qualified to help you get the most out of your advertising dollar in the Pittsburgh Market.

Because we are local, we live and work in the Pittsburgh area full time. We use local print shops for our publications, so our materials are never "lost" or held up in transit. If there are problems, we can deal face to face with those involved to resolve them. We don't have to make calls, or send emails. We are right here. We also don't have the over head of travel and lodging expenses most other similar companies have, and we can pass that on in savings to you. And, your dollars when spent with us, go back into the Pittsburgh market, helping the local economy.

I want to stress again the fact that we are a local company. We are living and working in Pittsburgh and its communities every day. We read the papers, listen to the news, and stay current with what is going on here, and now. We are always "up to date" and sync with Pittsburgh, which, if you have been here for any length of time, you know is not easy! We understand the whole "Burgh Thing" and make it work for you!

Our 2007 Oakmont publication was a HUGE success! We are going to ensure this one is also. In addition to the main magazine, we have an "Only In Oakmont" tri-fold rack card sized publication that you can get in on, which will be distributed around the area, in downtown hotels and kiosks, and many other places over a 3 month period. Rather than one "dump" we will release the fliers over time, to make sure you get the maximum exposure and market penetration. Other Tri-Folds being worked on include Pizza, Fine Dining, Best Burgers, and many more.

We are also working with many local hotels to put room books and lobby desk books in their establishments for guests to use when looking for a place to go, or something to do. These have been very effective generating new business at extremely affordable rates.

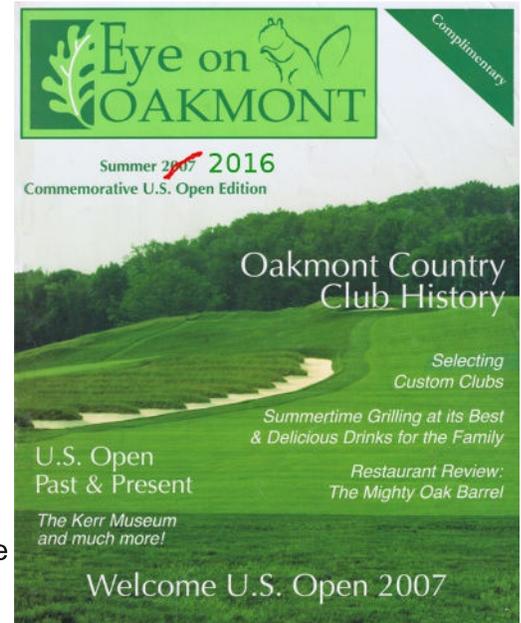

To become involved, or discuss any of this with me, please give me a call, or email, and I can give you the information, or stop by.

Leelyn Lamont

Marketing Director, and Food and Travel Editor
